## VACATION RENTALS

**GayPlaces2Rent.com** **954-630-0475**

*www.gayplaces2rent.com*

Gay Places 2 Rent is a resource to help you to find properties that appeal to your sense of style, have the amenities you want, and know the things you need to know about them and how they relate to their surroundings. When we travel, we love staying in private homes. It is a treat to have an opportunity to enjoy someone's personal style, and one can learn more about the local flavor staying in a private home versus a hotel. It is wonderful to be able to cook-in, kick back and watch TV in a comfortable living room (as opposed to a hotel bed) and being able to enjoy the additional privacy compared with staying in a hotel. And, in most cases, there are substantial cost savings over hotels especially when traveling with friends in parties larger than two.
